CHEMISTRY

Kindled in transition, the winemakers at Stoller Family Estate and Chehalem seized an opportunity to collaborate, allowing our two estate-driven, tenured wineries to further explore and broaden their palates. The bond was formed.

WINEMAKERS' NOTES

Aromatics of tart grapefruit and candied ginger fill the glass. Notes of strawberry lemonade and melon are bright on the palate as they are embraced with the acidity of zesty citrus and orange peel. Serve chilled morning, day or night to celebrate the little wins in life. These Pink Bubbles are ready to match your moment.
